

Miranda & Estavillo and Zenteno – Lira Mora arrived to an alliance agreement.

We are pleased to announce to our clients and friends that Miranda & Estavillo, S.C. and Zenteno-Lira Mora Abogados, have formalized an alliance.

The Firms offer greater strength and opportunity in the legal services that have been provided, since the experience, knowledge and skills of both Firms will be combined with professionalism, service spirit, and coordination among experts in several areas of legal knowledge, as well as with the networks built by our Firms.

The energy area (hydrocarbons, gas, powers) is particularly strengthened, as well as the infrastructure and administrative areas (concessions, permits, licenses, governmental contracts, public procurement, among others). We have expert lawyers in the land surface use and occupation, road rights and other legal requirements.

The structural reforms that are being implemented in Mexico, have opened up new and attractive opportunities for conducting business in a large number of industries and markets in our country, the above requires that strong legal support is provided to those already carrying out activities in Mexico and to those who want to do business in our country for first time.

We are positive that our alliance offers value in benefit of our clients and friends

About Miranda & Estavillo

Miranda & Estavillo is a law Firm established in 1974, as a comprehensive legal service Firm that provides its clients legal advice under the principles of efficiency, punctuality, pursuit of excellence, loyalty and commitment, and in accordance with the ethics of the legal profession.

We provide advice to national and multinational enterprises with operations both in Mexico and worldwide.

The practice areas of Miranda & Estavillo comprise, among others areas of Law, corporate, transactional, foreign investment, international transactions, tax, mining, oil and gas, foreign trade, customs, public procurement and labor.

The legal experts of the Firm also focus their practice in immigration law, dispute settlement, communications, real property, intellectual property, copyrights, licenses, franchises, health and pharmaceutical, and maritime, among others.

About Zenteno- Lira Mora

The lawyers of the Firm, which was established in 2002, have large experience in private and public law, which complemented with consultants in several legal areas, allows them to provide interdisciplinary and comprehensive services.

The Firm has focused its professional practice rendering corporate and consultancy services to national and foreign companies and projects; as well as ensuring that their clients' operations are carried out within the legal framework and under the principles of legal certainty and security, and on the representation and defense of their clients' legal interests.

Among other areas, the Firm is specialized in oil, gas, and energy in their different processes and support activities (exploration, upstream, downstream and midstream, as well as logistics and road rights), public procurement, infrastructure, real property, joint ventures, government financing, and regulatory projects.

The Alliance allows both Firms to work jointly in order to provide full services to their clients remaining as separate legal entities, in transit to the integration to a single law firm.
